Art Unit: 2161

1. Applicant should note the changes to patent practice and procedure effective December 01, 1997 as published in the Federal Register, Vol 62, No. 197, Friday October 10, 1997.
2. The request filed on October 31, 2000 for a Continued Prosecution Application (CPA) under 37 CFR 1.53(d) based on parent Application No. 09/027,585 is acceptable and a CPA has been established. An action on the CPA follows.
3. Applicant has not complied with one or more conditions for receiving the benefit of an earlier filing date under 35 U.S.C. § 120 as follows:

A) An application in which the benefits of an earlier application are desired must be copending with the prior application or with an application similarly entitled to the benefit of the filing date of the prior application.

- 3.1 It is noted that applicant filed an application number 9602475-7 in Sweden on 20 June 1996. Further, it is noted that within 1 (one) year applicant filed an international application PCT/SE97/01089 on 18 June 1997. The active lifetime of PCT/SE97/01089 is either:

A) 20 months from the earliest priority date claimed, that is 20 February 1998, for a international application which has only been prosecuted through an international search report, (PCT/ISA/210) or chapter I; or

B) 30 months from the earliest priority date claimed, that is 20 December 1998 for a international application which has been prosecuted through an international preliminary examination report, (PCT/ISA/409) or chapter II.

Since, applicant has not provided evidence that international application PCT/SE97/01089 had entered chapter II processing, the evidence of record indicated that the prosecution of international application PCT/SE97/01089 terminated on 20 February 1998.

Art Unit: 2161

3.1.1 Further, it is noted that Friday 20 February 1998, was not a Saturday, Sunday, federal holiday or a day in which the Patent Office was closed for business. Hence, international application PCT/SE97/01089 was not pending on 23 February 1998, the date applicant filed the instant application.

4. The oath or declaration is defective. A new oath or declaration in compliance with 37 C.F.R. § 1.67(a) identifying this application by its Serial Number and filing date is required. See M.P.E.P. §§ 602.01 and 602.02.

4.1 The oath or declaration is defective because:

A) the declaration filed 19 May 1998, lacks the margins required by 37 CFR § 1.52(b).

B) in view of section 3, above, applicant must remove both:

(1) the claim for priority based on application number 9602475-7 filed in Sweden on 20 June 1996; and

(2) the claim for benefit of an earlier filing date under 35 U.S.C. § 120 based on international application PCT/SE97/01089 filed on 18 June 1997.

5. The specification and drawings have not been checked to the extent necessary to determine the presence of all possible minor errors. Applicant's cooperation is requested in correcting any errors of which applicant may become aware in the specification or drawings. Applicant should note the requirements of 37 CFR § 1.74, § 1.75, § 1.84(o,p(5)) & § 1.121(a)(1)-1.121(a)(6).

6. **FURTHER APPLICANT MUST DELETE THE REFERENCE TO INTERNATIONAL APPLICATION PCT/SE97/01089 FILED ON 18 JUNE 1997 AT PAGE 1 OF THE INSTANT APPLICATION.**

7. The following is an Examiner's Statement of Reasons for Allowance:

A) the prior art, for example, either Schneck et al (5,933,498) or Coss et al (6,098,172) or Kihara (JP 03-276936) or Nakasuji et al (JP 07-219900) or Hooper et al, disclose the storing of data in the form of records which have restricted access based on the attributes of the type of data in the associated record.

Art Unit: 2161

B) however, in regard to claims 1, 8 & 9, the prior art does not teach or suggest for each type of data stored in the records, storing the attribute data, which permits access to each of the types of data stored in the record, at a separate/remote location that is linked to the data in the records by the data type. Claims 2-7 & 10-17 are allowable for the same reason.

7.1 Any comments considered necessary by applicant must be submitted no later than the payment of the Issue Fee and, to avoid processing delays, should preferably **accompany** the Issue Fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

8. For the sake of a complete record, applicant should supply the article mentioned at page 2 of the instant disclosure.

9. Any inquiry concerning this communication or earlier communications from the examiner should be directed to Edward Cosimano whose telephone number is (703) 305-9783. The examiner can normally be reached Monday through Thursday from 7:30am to 6:00pm. If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, James P. Trammell, can be reached on (703)-305-9768. Any inquiry of a general nature or relating to the status of this application should be directed to the Group receptionist whose telephone number is (703) 305-3900.

9.1 The fax phone number for UNOFFICIAL FAXES for this group is (703) 305-0040.

9.2 The fax phone number for OFFICIAL FAXES for this group is either (703) 308-9051 or (703) 308-9052.
